STAR G RANCH, INC.**

**SATURDAY, MARCH 18, 2023 • DOUDS, IA**

*Welcome!*

*Koedam*

*Kemen*

*Gilchrist*

***Steve & Christina Koedam / Koedam Cattle Company***

Koedam Cattle Co. was started by Steve & Christina Koedam after exiting dairy farming in late 2011. In 2012, a small herd of commercial cattle were purchased with the first registered Red Angus in 2013. Koedam Cattle Co. is located in SW Minnesota, near Leota, roughly 50 miles NW of Sioux Falls, South Dakota. The Koedam Family has farmed in the area over 100 years and currently calve 100+ cows, 20-30 heifers per year both registered Red Angus and commercial. They also crop farm raising corn, soybeans and alfalfa. They strive to put together a quality herd to produce quality replacement females and bulls for their customers and have sold replacement cows/heifers private treaty. Their first bull sale started with a trip to the Sioux Empire Farm Show (they have since joined the Red Reckoning group for bull sales) and the ROP/MN Great Northern for female sales. 3SCC Laser Focused C171 has had the biggest impact on the Koedam herd to date, producing tremendous females and bulls. The Koedams are looking forward to seeing the first progeny from bred heifers/cows purchased in 2022 from W Sunrise Angus, Green Mountain Red Angus, Craig Davis and Reisdorfer Red Angus. Steve was recently elected as Vice President of the Minnesota Red Angus Association and enjoys his Red Angus cattle and welcomes any questions and/or visiting about their program.

***Dale, Dave, Gary & Brock Kemen / Kemen Farms Red Angus***

The Kemen Farms Red Angus operation consists of brothers Dale, Dave, Gary and Dale's son Brock in a farming partnership that grows corn, soybeans, wheat and alfalfa in a rotational crop regiment. Kemen Farms first registered Red Angus purchase was a group of 20 bred heifers from Sonstegard Cattle Co. in 1993 making this their 30th year in the business. They currently run 300 cows with approximately 240 of them being registered Red Angus and the balance high percentage Red Angus commercial females with a few black cows. They offer a high-quality set of registered bred heifers annually in the ROP/GN Great Northern Sale in Brookings, South Dakota. Dave Kemen served for 23 years on the Midwest Cattlemen's board and was recently elected to President of the Minnesota Red Angus Association. Kemen Farms is responsible for feeding and developing the Spring Red Reckoning bulls from October to late February where the bulls are clipped, scanned and fertility tested before they are shipped to southern Iowa and the Star G Ranch for DVAuction videos. In the inaugural Red Reckoning Sale in April 2021, Kemen Farms had the 2 top selling bulls (both Stockmarket sons) — \$14,500 LLRA Limit Up and \$12,000 KFRA H2 Mr Stockmarket. Dave will be at the Red Reckoning Auction on March 17th and 18th to answer any questions you may have regarding the feeding of the Spring bulls and the Kemen Farms Red Angus program.

***Lisa & Kyle Gilchrist / Star G Ranch, Inc***

The Gilchrist family have been raising registered Red Angus cattle since 1973 and started with Kyle's parents, Kenneth and Janet Gilchrist producing bulls for Pioneer Beef Cattle in the '70s and then Mid America Cattle Co. in the '80s. Today, Lisa and Kyle operate Star G Ranch as a grass and hay operation, growing no row crops and utilizing the easy fleshing abilities of Red Angus genetics to maximize outputs through their efficiencies. After testing and selling bulls in Oklahoma and Texas for 20 years with the Red Alliance group, Lisa and Kyle Gilchrist/Star G Ranch built their own auction facility and began holding auctions and selling their bulls in the Red Reckoning Sales in the spring of 2021. The Star G Ranch herd bull battery includes Gilchrist Royal Peacock (owned with Peacock Cattle Co of Iowa), Chappell Home Run, the \$19,000 Chappell Red Angus bull from Pennsylvania, co-owned with Kemen Farms of Minnesota and LLRA Limit Up, the \$14,500 top seller in the 2021 Red Reckoning Sale owned with Sonstegard Cattle Co -- Minnesota. Make plans to attend either the March 18th Red Reckoning Sale or the October 14th Star G Ranch & Friends Sale and help them celebrate their 50th anniversary in the registered Red Angus business!

*Terms & Conditions available sale day.*

Online Bidding at:

### Free Delivery for Bulls — Females are F.O.B the site determined from auction block.

Deliveries include Iowa, Missouri, SW Minnesota, Oklahoma City, Cullman, Alabama and interstate points along the way. (Deliveries will begin the week following the auction – for free delivery, the buyer must work with our delivery schedules or buyer will need to pick up at the Star G Ranch Auction Barn).

### Bulls will be fed free of charge until April 1st.

Beginning April 1st, feed @ \$4.00 per head per day will be charged for bulls still at the auction site or transported to Kemen Farms Red Angus/Koedam Cattle Co., Madison, Minnesota. Bulls become the property of the buyer when declared sold from the auction block. All bulls remaining at the Star G Ranch or Kemen Farms/Koedam Cattle Co. are at the risk of the buyer.

*We highly suggest insuring bulls that are not picked up sale day.*

### Videos of the Bulls & Commercial Females on DVAuction.com

### Do you have Red Angus females for sale?

*We are in the market for commercial Red Angus females sired by Red Reckoning bulls. Buy Red Reckoning bulls and contact us when you have commercial females to sell — we want to help market your cattle!*

**CATALOG & VIDEOS AVAILABLE AT WWW.REDCOWS.NET**

Catalog design by *Stockman Design Services, The Stockman Magazine*

# 200 Commercial Red Angus Females

## **Lot A** 25 1ST CALF HEIFERS WITH CALVES AT SIDE

*Eric Tedrow — Fairfield, Iowa Sell F.O.B. Gilchrist/Star G Auction Barn*

These heifers are RWF F1 Red Angus X Hereford heifers with 3/4 blood Red Angus calves at side born in February. The heifers have not been exposed to a bull and would make excellent replacements or exceptional recip females. We will sell these pairs in increments of 5 with the winning bidder taking as many as they want. We will sort and tag these pairs with a group of heifer calves and a group of bull calves. Watch our website [www.redcows.net](http://www.redcows.net) for updated information.

## **Lot B** 90 FALL BRED 1ST CALF HEIFERS

*Phil Rankin — Mackinaw, Illinois Sell F.O.B. Gilchrist/Star G Auction Barn*

These are Red Angus heifers bred to Red Angus bulls due to start calving September 1.

Service sires are: Vanwey Let's Roll 1019 (#4579413), Vanwey Let's Roll 1021 (#4579415), Vanwey Let's Roll 1027 (#4579417) and Vanwey Domain 1023 (#4719041). We will sell these heifers in increments of 5 with the high bidder taking as many as they want. We will sort and tag these heifers into uniform groups ready to sell as 5 or all 90. Watch our website [www.redcows.net](http://www.redcows.net) for updated information.

## **Lot C** 15 SPRING BRED COWS 3-6 YEARS OLD

*Star G Ranch, Inc. — Douds, Iowa Sell F.O.B. Gilchrist/Star G Auction Barn*

These are Red Angus cows bred to Red-Black Carrier bulls due May-July. These would make an excellent set of cows to roll into a fall program or breed back into earlier spring calving. We will sort and tag these cows into age groups and due dates. Watch our website [www.redcows.net](http://www.redcows.net) for updated information.

## **Lot D** 75 OPEN HEIFERS

*Lucas Moore — Ivanhoe, Minnesota Sell F.O.B. Moore Farms, Ivanhoe, MN*

These are Red Angus heifers ready to breed. We will sell these open heifers in increments of 5 (gate cut) with the high bidder taking as many as they want. Watch our website [www.redcows.net](http://www.redcows.net) for updated information.

**Lot  
E**

**6 OPEN HEIFERS**

Star G Ranch, Inc. — Douds, Iowa Sell F.O.B. Gilchrist/Star G Auction Barn

F1 & F2 2 • RWF F1 Red Angus X Hereford open heifers

F3-F6 • 4 Red Angus open heifers – Watch our website [www.redcows.net](http://www.redcows.net) for updated information.

**Contact us if you would like to sell commercial or registered Red Angus females through future Gilchrist/Star G Ranch Auctions!**

Our auction base includes buyers across the nation via DVAuctions and we can send a representative to video your cattle and sell them F.O.B your farm or ranch or deliver them to us and we can have them worked, tagged, videoed and ready for auction day. Give us a call for details!

**TERMS & CONDITIONS**

**TERMS:** Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

**PURCHASER'S RISK:** All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

**BIDDING:** Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

**CERTIFICATE OF REGISTRY:** A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

**ANNOUNCEMENTS:** Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

**HEALTH:** All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

**BREEDING GUARANTEE:** All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

**LIABILITIES:** All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the Sale Manager from pedigrees and information supplied by sources deemed reliable, however, the Sale Manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

**CONTRACT:** The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

**PHONE BIDS:** Telephone bids will be taken by the sale manager. Kyle Gilchrist's cell number is (641) 919-1077.

## *The Importance of Investing in a Bull*

With the current costs of all farm and agricultural inputs, it is imperative that expenses are analyzed carefully to maximize returns on your investment. In a beef operation there are many factors and many decisions to be made. The single biggest change you can make in your beef operation is the bull you select to use on your cowherd. **Your bull selection will influence 50% of your entire calf crop next year.** If you make a mistake, it can certainly take your program backwards or with the right decision, propel your genetics into future profits. With feed costs and health supplies at all-time highs, doesn't it make sense to maximize the genetics you are feeding it to? It doesn't cost any more to feed a good animal than it does a poor one. The return on superior genetics vs. inferior genetics should be a calculated factor that is never taken lightly. Too many cattle operations do not take into account the importance of investing in either semen for artificially breeding their cows or the bulls that they select. If you retain your own heifers, the genetics you select is even more important than if you simply load them up and take them to a sale barn.

The Red Reckoning program offers bulls that are selected from over 400 registered Red Angus cows. We only select the top 50 bulls for our Spring Red Reckoning Auction and offer both Fall born 18 month old bulls and yearlings. All of the bulls sell with genomically enhanced EPDS, are ultrasound scanned for carcass measurements, are evaluated for foot soundness and leg structural correctness, are semen checked and every bull in the auction has passed a breeding soundness exam and is ready to go breed cows or heifers from day 1. We stand behind our bulls. If you have a problem, call us and we will make it right. Between the 3 Red Reckoning breeders, we have been in the registered Red Angus business for over 90 years and the reason is our acute attention to the cowherd. We want your business and invite you to come check out our bulls and not only become customers but friends as well.

If you are interested in developing a commercial female program that is eligible to be in the forefront of our auctions in the future, please be sure and contact Kyle Gilchrist, Dave Kemen or Steve Koedam. We would be happy to discuss breeding scenarios, health requirements and calving seasons that will best fit your program and maximum the return for your investment.

**If you have suggestions for future breeding of Red Angus bulls, please contact Dave, Kyle or Steve. We want to supply Red Angus bulls that fit your needs in the future.**

*Thank you for your interest in our program – The Red Reckoning Team*

RED MRLA RESOURCE 137E, SIRE

This Resource son will catch your attention when you enter the bull pen – he is square, stout made and loaded with meat and muscle. The cow power behind the Red Reckoning Bulls cannot be overlooked – K116's dam is an amazing 11 year old cow that touts a 105 MPPA and more incredibly a 365 day Calving Interval on 9 calves! Longevity is one of the highest returns and profit-making traits in a cow herd. Invest in this bull with confidence that he will sire top-notch calves for years to come.

Lot 4 is one of 2 Bieber Atomic sons in this auction and closely follows the pattern of Lot 3 with a dependable, highly-productive dam that offers longevity and a reason to buy her son. K115's dam is a bigger framed, well made, super uddered cow with a 106 MPPA and a 368 day Calving Interval on 5 calves! If you sell calves by the pound at weaning time, don't overlook this powerhouse, posting a 737 lb. WW to ratio 106! All of the Red Reckoning bulls have already passed a fertility check and are ready to go service cows the minute you get them home.

The Red Reckoning group purchased volumes of semen on LASO Alamo C92H and offers 3 sons in this 2023 auction with more to come in the future! Alamo is the high-performance, high-carass bull posting a 1333 lb. YW, 17.8 REA and 8.91 IMF! Lot 6 is another bull worth investing in for the longevity and dependability of his dam who records a 105 MPPA with an amazing 357 day Calving Interval on six calves. You will be hard pressed to find another pen of Red Angus bulls that offer the cow power behind them!

LORENZEN GLADIATOR E800, SIRE

There are 2 Lorenzen Gladiator E800 sons in this offering (Lot 7 & 34) and both exhibit EXTREME muscle composition and thickness. Lorenzen Gladiator E800 comes from the same cow family that produced Gilchrist High Endurance (sire of G. Royal Peacock) and was the high-selling bull in the 2018 Lorenzen / VF Red Angus Bull Sale in California. If you like the "clubby calf look", be sure and check out both of these Gladiator sons at the Star G Ranch loaded with meat and muscle.

HXC DAWSON 7003E, SIRE

The strength of the Red Reckoning bull offering comes from the diversity of the 3 Red Angus breeding programs and the consistency of the 400+ cows that back the bulls we offer in both spring and fall auctions. Kemen Farms dependably develop a wide variety of A.I. sired calves each year, including this HXC Dawson son. Lot 8 is another solid herd bull prospect posting a 112 REA ratio and a 125 IMF ratio! As an added bonus, his dam has a 356 day Calving Interval.

Royal Peacock is a bull that we used as a yearling to breed the Star G Ranch fall cowherd. His 727 lb. weaning weight and 1292 lb. yearling weight tweaked our interest but once scanned, his astounding 17.5 sq. in. ribeye made him an immediate herd bull prospect for our program. Dave Wilcox & Chris Hillenga both saw him in January 2022 at 4 1/2 months of age and purchased one-half interest in him on the spot for their Peacock Cattle Co. program. Royal Peacock's dam is our all-time top producing Donor Matron – VF Flo Marie 1650-245 -- who was a purchase from the 2017 VF Red Angus Production Sale in Terrebonne, Oregon. Her 2018 Drought Breaker natural bull calf sold to Jack Clements – Groveton, Texas; two of her sons (913G a Grand Prairie & 015H a High Endurance) sold to Bar Y Ranch – Keosauqua, Iowa; 907G a Grand Prairie son sold to Erwin Farms – New Virginia, Iowa and another High Endurance full brother – Gilchrist Enduring All 016H was our high selling bull in the March 2022 Red Reckoning Sale to Cress Farms – Center Point, Iowa. The sire to these calves – Gilchrist High Endurance -- was the \$27,500 high-selling bull from the 2017 Red Alliance Sale in Shawnee, Oklahoma and continues to sire calves that dominate our weaning and yearling pens. **We are selling a one-third semen interest and Spring Pasture Walking Rights in Lot 9.** The new owner becomes partners with the Star G Ranch & Peacock Cattle Co. and shares 33% semen revenue in this great stud bull. No semen has been sold or released prior to March 18, 2023. Get in on the ground floor and let this astounding 17.5 sq. inch ribeye bull add carcass dimension to your future Red Angus program!

If this bull was RED, we certainly would not be selling 100% of him and would be using him heavily in the Star G Ranch program. We are retaining one collection on him at our expense and the buyer's convenience and plan to implement his genetics into our cowherd. His dam was a purchase from the 2020 Mile High Classic Auction from Sonstegard Cattle Co. and is a maternal sister to 35CC Domain! Eucla G128 has played an integral part in our Donor Program the last couple of years, placing three daughters in our bred heifer pen and five sons in this 2023 Red Reckoning offering. His sire – GAR Ashland -- is the first Black Angus bull ever used in our 50 year history in the Red Angus business and was selected for carcass quality . . . . . and he paid off! Don't miss his 17.5 sq. in. REA (ratio 120) and 2.90 IMF (ratio 124). An ET flushmate sister was equally impressive, scanning a riveting 13.66 sq. in. REA measurement to ratio 132 and a 5.61 IMF to ratio 155! Even though she is black in color, don't think we won't utilize her in our future Donor Pen. Lot 10 is a very well-rounded bull that could even be used on heifers.

This big ribeye scanning bull is the last and only son of Packers Prime to ever be created. His sire -- Packers Prime F801 -- was an ET calf from the 116 MPPA Feddes Blockana Y40 cow that we lost before we got to utilize her incredible genetics to their fullest. His maternal granddam is one of our favorite "D" model cows with an exceptional udder and calf raising abilities (she will have a Resource bull in next year's auction) and his young dam is following in her mother's footsteps to be a great cow. Check out this 74 lb. BW to 1271 lb. YW powerhouse bull that adds a slight bit more frame and stature than many of the bulls in the pen.

Lot 12 is the first of the LSF SRR Fantastic 9206G sons that will be unveiled in this auction. We purchased this Calving Ease Herd Bull with Kemen Farms Red Angus and share him with fall breeding at Star G Ranch and spring breeding at Kemen's in Minnesota. He is proving to be a true calving ease bull with great performance and scan data. 148J's dam was a purchase from Green Mountain Red Angus of Montana and stems from their famed Mesa Maid cow family.

LSF SRR GRAND PRAIRIE 7039E, SIRE

The next three bulls are all from the amazing Donor Cow that posts 4 natural and 29 ET calves in her lifetime thus far. She was the high-selling \$9,500 open heifer in the Lazy J Bar Ranch Sale in 2013 and then went on to various partnerships as a Donor Cow for The HereAfter Cattle Co., Brylor/Star G/Bootjack and then Circle E/Star G/M5 of Texas. You won't miss this bull in the Star G Ranch bull pen -- he has been a standout since he was only a few months old.

LSF SRR GRAND PRAIRIE 7039E, SIRE

An ET flushmate brother to Lot 13 and another that stands out with power, looks and performance traits. He will add pounds to your future calf crops, coming from the famed Donor Matron – Lazy J Ms Scarlet 2201-5053, a Mulberry daughter with exceptional body mass, udder structure and lots of milk production. If you have a lot of cows to breed and want consistency in your future calf crop, buy these flushmate brothers from one of the Red Angus breed leading events in the country – The Red Reckoning Sale.

Lot 16's dam is a 105 MPPA Navigator daughter we purchased from the Sonstegard 2020 Sale as a bred heifer. The VGW Navigator daughters are highly regarded for their maternal traits and high milk production and is certainly reflected in this grandson posting a top 4% MILK EPD. His sire – Gilchrist Endurance 569C – sold to the long-time, multiple decade Whitley Red Angus program of Alabama where a daughter topped the 2022 SERAA Grasstime for them. Endurance calves are stylish with lots of growth.

Anyone that takes their beef operation seriously, depends on facts, figures, weights, measurements, ratios and EPDs. This Sodak Final Answer son offers incredible data across the board, in particular his flawless ratios including: 99 BW, 110 WW, 107 YW, 117 IMF, 129 BF & 103 REA! The Red Reckoning Sales are fast-becoming the place to search for serious cattle producers with a depth of scan data, performance, fertility and a consistent cowherd to back the top 50 bulls offered in both spring and fall auctions annually.

K132 is sired by one of the newest herd sires at Koedam Cattle Co. and was purchased to add frame, growth and performance. While as Red Angus breeders of the Red Reckoning, we emphasize real world traits that directly pertain to the profitability of beef production, we also appreciate fancy style and looks whenever possible. We think WEBR Reform will greatly contribute to attractive phenotype in his calves. Lot 18's dam is a really nicely uddered, moderate framed female from the Verna cow family that has produced terrific calves in a 369 day Calving Interval on five head of progeny.

BIBER CL STOCKMARKET E119, SIRE

Stockmarket Alert! One of the most influential and dominant bulls in the Red Angus breed today is the astounding Bieber CL Stockmarket E119 stud that is siring top-selling and more importantly top performing sons and daughters from multiple angles in the beef business. If you have not yet implemented Stockmarket bloodlines in your beef operation, you had better take a look at Lots 1, 5 and 21 in this year's Red Reckoning. If you want to infuse some carcass quality into your next calf crop, don't overlook Lot 21's 4.51 IMF scan to 150 ratio!

HXC GRINDSTONE 9908G, SIRE

The LLRA division of the Kemen Farms Red Angus program was responsible for the high-selling \$14,500 bull – LLRA Limit Up H29 – that sold in the 2021 Red Reckoning Sale to Stonsgard Cattle Co. – Minnesota and the Star G Ranch – Iowa. This Grindstone son offers great length of body and style coming from a Jeffries Checotah dam.

Lot 28 kicks off a string of 7 Calving Ease Bulls that will be suitable for use on heifers but certainly has the growth traits and scan data to use on mature cows without giving up performance. 132J is the natural calf from the Star G Ranch Donor Cow – 3SCC Eucla G128 – who is a maternal sister to 3SCC Domain A163, one of the highest used sires in the Red Angus breed, posting 4,880 registered calves to date. His sire – LSF SRR Fantastic 6206G – is our new herd bull owned with Kemen Farms and he is siring some exceptional calves for both operations. 132J's 59 lb. BW to 1247 lb. YW and 15.5 sq. in. REA scan makes him one of the top prospects to come out of this 2023 Red Reckoning Sale.

114J is a Final Deal son from our Eucla G128 Donor Cow and will get your attention with his 16.2 sq. in. REA scan. We purchased the Final Deal semen from the NWSS Frozen Genetics auction specifically to mate to 3SCC Eucla G128. If you are not sure if you want to use a RED or black Angus bull, this is the one for you – he is the new “purple Angus” with Red Angus genetics from black parentage. Don't miss looking him up on sale day.

An ET flushmate brother to Lot 10 with EPDs as good as you can make them, posting a top 1% GM, WW, YW & MARB and top 3% ProS, ADG, CW & REA! His scans are equally impressive with a 14.9 sq. in. REA to ratio 102 and a 3.92 IMF to ratio 167. I don't usually make excuses for an animal but will point out that his dam died a month and a half before weaning, drastically reducing his actual weaning weight – he survived on his own eating hay only for the last 45 days before his contemporary group was weaned.

105J is a sleep-all-night heifer bull that offers added age-advantage to cover more females in his first breeding season. He is an ET Flushmate brother to Lot 29 and a maternal brother to Lots 10 & 30. The bonus to using these Eucla G128 (maternal sister to 3SCC Domain A163) sons are the daughters they will produce. His 19 CED places him in the top 1% of the entire breed and his -3.9 BW in the top 16%.

Lot 32 is a son of a "Juana" female from Green Mountain Red Angus of Montana. She fleshes extremely easy and is a top calf producer in the herd. His sire is a paternal brother to Gilchrist High Endurance, the \$27,500 Red Alliance bull (and sire to Royal Peacock – Lot 9 in this offering). A paternal sister to Lot 157J was a high seller in the 2022 SERAA Grastime Auction in Cullman, Alabama.

**DAMAR MIMI E381, SIRE**

106J is a son of a past Star G Ranch Donor Cow – Harmonys Windsong 111 that has 57 registered progeny to date. 106J's sire was the 2019 NWSS Grand Champion Bull where for the first time in history full siblings were National Champions (Andras Fusion X DAMAR Mimi W085) as his sister was Grand Champion Female that same day in Denver. He expresses an extremely long body with a little extra frame – you won't have trouble finding him in the sale pen.

This bull is built like a brick outhouse! He is thick, heavy muscled, and wide set in his leg set and stance. His data certainly indicates that he would work on heifers and his dam is a perfect uddered female with great fleshing ability. His sire is one of the heaviest muscled bulls we have ever owned and you can see it passing on to this great herd bull prospect. He is a paternal brother to Lot 7.

These Laser Focused sons are loaded with growth and performance as indicated by this bull with a 808 lb. WW to ratio 117! K169 has the highest YW EPD of all the 3SCC Laser Focused C171 progeny and it's no wonder why – his dam has a wallop 109 MPPA and a 364 day Calving Interval on 4 calves. A maternal brother by Weighout sold to Quince and Stacy Thorton in the 2021 Red Reckoning Sale.

**LSF RHO NIGHT FOCUS 76B, SIRE**

You will appreciate the stats on this Night Focus son with a BW 79 lb.; WW 712 lb. and YW 1111 lb., a top 3% ProS and 6% GM. His dam was a first calf heifer that "hit it out of the park", weaning this 119 ratio bull to attain a 108 MPPA on her first try. Who knows what the future holds but this bull from a top young cow could end up being one of the breeds greatest – investments like this could pay off big time!

**HXC DAWSON 7003E, SIRE**

This Dawson son comes from some old-time foundation genetics in a Cheyenne B221L daughter with a 102 MPPA on six calves. We are 38 lots deep in this astounding pen of Red Angus bulls and still offering a 13.7 REA to ratio 105. Both of the Dawson bulls deserve your attention on sale day – his brother sells as Lot 8.

One of the hardest things to do in an auction is establish sale order. The truth of the matter is that they can't all sell first. This Up Front son with his 684 lb. WW, 1153 lb. YW and 14.7 REA scan could lead many auctions in the country. His young dam is a hard working female that posts a 106 MPPA and combines breed leading sire lines – Power Eye & Boxed Beef.

RED U2 TOWNSHIP 17G, SIRE

K138 comes from a foundation cow that the Koedams purchased from Caraway Red Angus as an open heifer and has turned into a great uddered "can't miss type" cow in the pasture. Her stats show the importance she has within the herd, posting a 106 MPPA and a 361 day Calving Interval on 8 calves. Lot 44 is a well-made, moderate framed Township son with a 714 lb. WW.

This bull has been a standout since birth and is an all around, well-made WEBR Reform 85H son. His dam is a foundation cow the Koedams bought from Sonstegard Cattle Co. in 2012. She is very deep bodied and moderate framed. The Rachel cow line has been producing many of the top cattle for the Koedam program with an ADJ WW of 727 lb., ratio 105 and a 359 day Calving Interval on 9 calves.

Ok I've got to admit that when I plan a sale order, I like to keep one or two animals to keep everyone's attention to the end. In our 2023 Red Revolution Sale in Oklahoma City, we sold PIE Quarterback 789 semen as the last lot --it brought \$1,400 per straw! Lot 49 is one of those lots that we will see who has "stay power" on March 18th and buys this bull. He is the only Franchise son in the offering and has been a pen favorite for many of the visitors through the Spring Bull Pen at Kemen Farms in Minnesota before they made the trip South to the Star G Ranch.

HXC GRINDSTONE 9908G, SIRE

K56 is the Grand Finale of the 2023 Red Reckoning Sale and offers 79 lb. BW and a 13.2 REA. With this being the 50th Year of Red Angus Production for the Star G Ranch, we have had many events over the years but none have been as rewarding as meeting fellow cattlemen at our own sale facility. This final bull carries the theme of Kemen Farms, Koedam Cattle Co. and the Star G Ranch with a dam that records a dependable 102 MPPA with a 366 day Calving Interval on six calves. Thank you for coming to our auction or tuning in via DVAuction on the internet. We value you as a customer and want to help you market your future Red Angus females. -- The Red Reckoning Team.
